

## MJE PROFESSIONAL:

Established in 2022, MJE PROFESSIONAL is a leading engineering firm that specializes in design, special inspections, construction management, and vibration monitoring. Our team of licensed engineers and designers brings a wealth of expertise and a collaborative approach to every project.

## **Engineering Services Offered**

#### Design

Our design services encompass structural, MEP, geotechnical and civil/site engineering, ensuring optimal functionality and efficiency.

#### **Special Inspections**

We provide comprehensive special inspections for

- General Building Construction
- Fire Protection System and Fire-Resistant Construction
- Plumbing and Mechanical Systems
- Structural Materials and Construction Operations
- Energy Code Compliance and Lighting

#### Construction Management

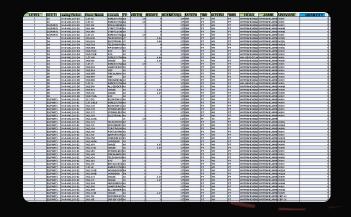

Our construction management expertise streamlines project delivery, maintaining timelines, budgets, and safety standards that include:

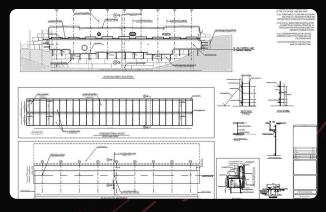

- Schedule
   Estimating/Budget
   Control
- Documentation
   Administration
- Construction/Project
   Administration
- Construction
   Inspections/QA

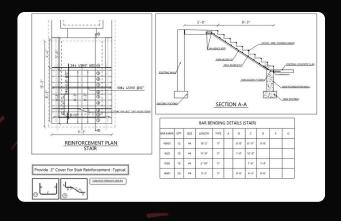

#### Vibration Monitoring

Our vibration monitoring services track and analyze vibrations at construction sites and around existing structures. This helps identify potential issues early and ensure structures remain stable and undamaged throughout the project lifecycle.

### PROJECT TYPES

#### **Permits**

Our team specializes in Sidewalk Shed, Fences, Scaffolding, Site Safety Plan, and PE representative for township

#### Infrastructure

Our team specializes in Tunnels, Bridges, Roads/Highways

#### **Facilities**

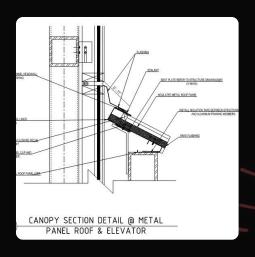

From vibrant commercial hubs to cutting-edge educational campuses, our team brings innovative design to life across a diverse range of sectors - commercial/retail, education/health, office, and residential.

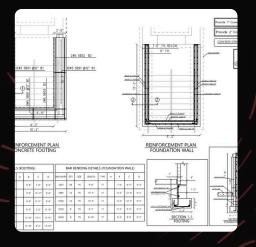

## Certifications

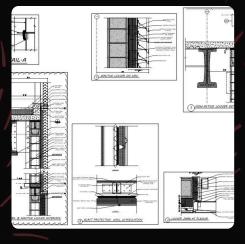

Dormitory Authority (DASNY) Port Authority of NY & NJ

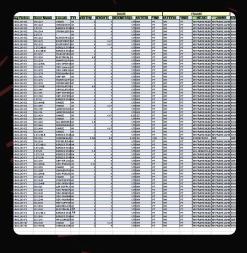

NYC Small Business Services State of New Jersey, NJDOT

## **Successful Project Completion**

## LIRR ADA STATION IMPROVEMENTS

Our team expertly crafted architectural shop drawings specifically tailored for the intricate details of the roof design.

## P.S.22 STATEN ISLAND

Providing expert
structural shop drawing
services for the
renovated portion of this
project, ensuring
precision and quality
every step of the way.

# JOHN F KENNEDY INTERNATIONAL AIRPORT TERMINAL-6 DEVELOPMENT

Precise architectural shop drawings were created for metal panels and louvers, seamlessly integrating the Perm-A-Barrier membrane for enhanced protection.

# JOHN F KENNEDY INTERNATIONAL AIRPORT TERMINAL-1 REDEVELOPMENT

In-depth estimation was carried out for doors packages, and frames, showcasing our expertise in providing detailed assessments for each component.

## **Core Values**

Professional Engineers

NYCDOB Certified SIA

**Governmental Experience** 

Both Field (CM/CI) and Office (Design/Engineering) Services Capacity
